Members of the Guyra and District Chamber of Commerce derive a number of benefits from their membership.

Networking

We hold meetings at which leaders from local businesses – and beyond - share ideas and opportunities. You can utilise these networking opportunities and meet other like-minded people.

Voice Your Opinion and Be Heard

As the voice of business in Guyra, we represent the views of our business community to our Local, State and Federal Government representatives and other stakeholders.

Membership of the Guyra and District Chamber of Commerce enables your business to be listed on the Chamber's website. The Chamber's website is the pre-eminent site for people searching for details on businesses and events in Guyra and District. Your listing on the Chamber's site will provide a direct link to your own web site.
